2018 Product Catalog Booklet

Replacement Mailbox Products Horizontal Mailboxes

1600/1700 Series - Standard

for Private Delivery

A favorite of University housing managers, this indoor solution helps keep your mail area organized. Available in front-loading (1600 series) or rear-loading (1700 series) units, each module provides a lot of compartments in a small space. Since these are private delivery mailboxes, they are not constrained by postal installation regulations and therefore have no minimum or maximum mounting height requirements.

Standard Features

- Recess-mounted
- Anodized aluminum finish
- 5-pin cylinder tenant cam lock with two keys (1,000 key changes) see page 46
- Snap-on outer trim kit (available by request)
- Clear plastic number slots or engraved numbers

Rear-load mailboxes (1700 series) have an exposed back for easy distribution, so keep in mind during planning that additional space will be necessary for a secure room behind the installation. Access to the room may be restricted and easily accessed using a key keeper (see page 52) with a private lock.

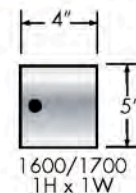

Plastic Number Slot:

Number slots are 5/8" H x 2" W. (Available on tenant compartment doors only.)

Engraving: Custom engraving utilizes the USPS Standard *US Block* font and is 3/4" tall. All engraving can include up to 5 characters on one line per door.

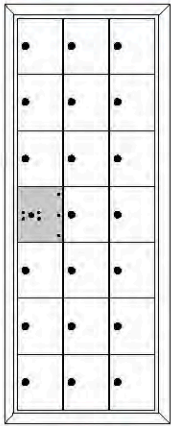

Door Size: All standard units contain one door size. If you need more than the standard configurations shown on pages 43-45, our easy-to-use online configurator allows you to complete your project from the full range of size options - see page 47 for details.

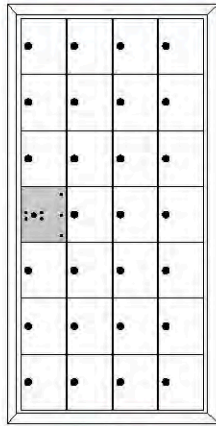

Horizontal Mailboxes

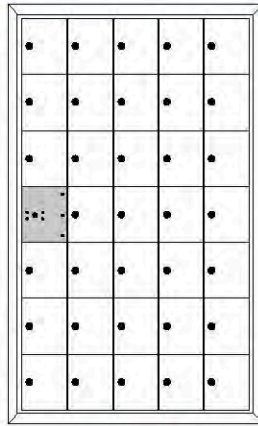

7 DOORS HIGH Actual: 38-3/4"H / Rough Opening: 39"H

All model numbers listed are for front-load modules; change the first four numbers from 1600 to 1700 for rear-load modules and increase the max number of mailboxes by one.

1600/1700 Series - Custom

for Private Delivery

Sometimes a standard sized compartment is simply not big enough to suit your residents' needs. That's why you can change mail compartment sizes or add as many collection and/or parcel lockers as your installation requires when you start with the custom all tenant compartment unit. These simple configurable options provide greater flexibility in door selection to ensure you can easily replace your current installation (see door size chart for options).

Note: Horizontal mailbox installations should be protected from direct exposure to the weather; Florence is not responsible for damage caused by weather conditions as these products are rated for indoor use only.

Optional Features

- Eight architectural powder coat color finishes
- Combination lock
- Hinged rear doors with private lock (for 1700)
- Configurable door sizes and layout options

Lock Selections

Cam-lock is standard on all 1600/1700 horizontal mailboxes and comes with two keys (1,000 key changes). Combination lock option also available.

K30809

For lock maintenance, only graphite type lubricants are recommended on product locks. For additional assistance with locks, contact your local locksmith.

Color Options

Anodized Aluminum is standard for all horizontal mailboxes. Upgrade your installation to one of eight different architectural color options, all in a durable, powder coat finish.

Colors shown are representative of the actual powder coat finish but are limited by printing conditions and may vary slightly from finished product.

Configurable Modules

Go beyond the standard and create your own custom mailbox!

To quickly design your custom horizontal mailbox installation, Florence has developed an easy-to-use mailbox configurator which is unique to the industry. This do-it-yourself online tool provides the opportunity for you to place the doors not only where you want them, but with as many as you want (see door options in chart below). Our configurator tool will do the math for you, provide a drawing, and even allows you to submit your unique creation for quote!

So go ahead and add multiple collection compartments - it's your design!

Door Sizes

Configurable units available in cabinet sizes 3 - 6 Wide and 7 - 12 High.

1600/1700
One-High, One-Wide
(5" H x 4" W)

Tenant Compartments

NOTE: Tenant compartment ID options include plastic number slot or engraving.

Collection Compartments

NOTE: Collection compartments are available with or without an access lock and can be engraved.

Parcel Locker Compartments

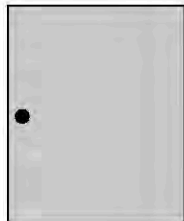

1603/1703
One-High, Two-Wide
(5" H x 8-1/16" W)

1605/1705
One-High, Three-Wide
(5" H x 12-1/8" W)

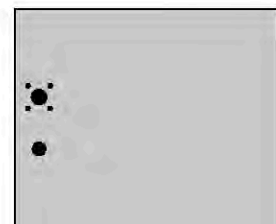

1604/1704
Two-High, Two-Wide
(10-3/8" H x 8-1/16" W)

NOTE: Parcel locker ID options includes engraving. See page 42 for details.

1607/1707
Two-High, Three-Wide
(10-3/8" H x 12-1/8" W)

Powering Your Commercial and Residential Centralized Mailbox Designs for Over 80 Years!

Florence Corporation. Established. Dependable. Strong.

Like all great stories, ours started in a garage. Elbow grease, a sweaty brow. It's that kind of story. More than 80 years later, we're still hard at it; continually perfecting our craft, allowing you to perfect yours. You may take our products for granted. We take that as a compliment. Our products don't require attention or fuss. They're built smart, designed to work, and engineered to last.

We empower our customers with the products, the support, and the tools to design faster. Build smarter. Manage better. We understand that in a world of global commerce, demands of efficiency and last minute deadlines, you need a partner that can keep pace. You've met your match with Florence. Established. Dependable. Strong. It's not just what we make...it's what makes us.
