Mini Storage Lockers

for Small Item Security

These mini lockers are convenient for any facility where cell phones are not allowed, or when temporary storage of small valuables such as keys, wallet, jewelry/watches, or other electronic devices are needed.

Standard Features

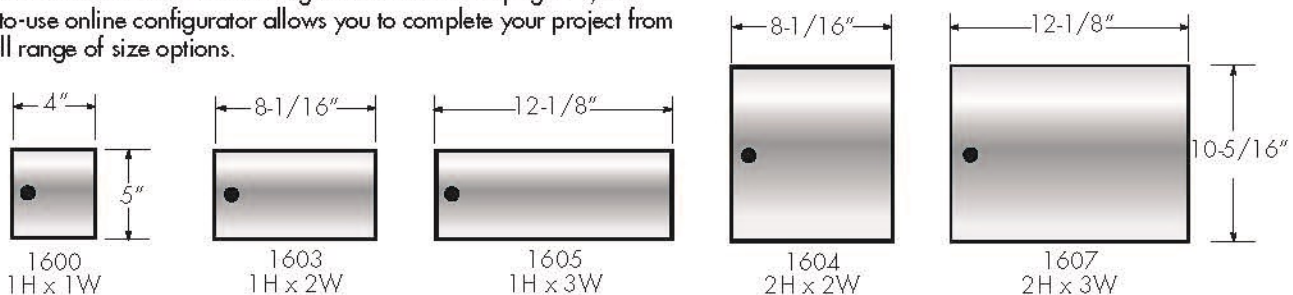

- Front-load or fixed gate
- Recessed- or surface-mounted (7-1/2" depth)
- Private master lock or no master lock option
- Anodized aluminum finish
- 5-pin cylinder cam lock with two keys
- Clear plastic number slots or engraved numbers
- Snap on trim (available upon request)

Optional Features

- Eight powder coat color finishes
- Combination lock
- Configurable door sizes and layout options

Custom Door Size Options

Need more than the standard configurations shown on page 71, our easy-to-use online configurator allows you to complete your project from the full range of size options.

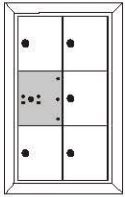

Color Options

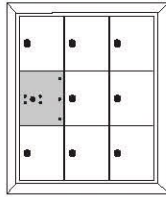

Anodized Aluminum is standard for all mini storage lockers. Upgrade your installation to one of eight different architectural color options, all in a durable, powder coat finish.

NOTES:

All standard modules are fully configurable, visit florencemailboxes.com/configure to quickly and easily create your custom solution. Additional compartment sizes are shown on page 70. For all fixed gate modules, the master door will be replaced with an additional locker compartment and therefore the max compartment number will increase by one. All model numbers listed are for standard modules; add -SP for custom modules at the end of the number.

Mini Storage Lockers

Applications and Uses

Education and Military Installations

For those occasions when a student must enter a facility without belongings or there are cell phone bans for a restricted area, these secure lockers are the perfect solution.

- Testing Rooms
- Research Labs
- Locker Rooms
- Jogging Paths
- Maintenance Facilities
- Restricted Areas

Law Enforcement and Government Facilities

A friendlier way to enforce cell phone restrictions and ensure personal privacy is to provide a secure location to temporarily store small electronics.

- Court Houses
- Juvenile Detention Centers
- Jail and Prisons
- Police Stations
- Government Offices
- Holding Cells

Fitness Facilities

Too often large lockers are quickly taken up by those who really only need a place to store their keys while they work out. Free up that space for others by also offering mini storage lockers, too.

Factories and Warehouses

Ensure your intellectual property and trade secrets aren't shared publicly by providing a secure place for employees and visitors to store cell phones and recording devices.

- Employee Breakrooms
- Shipping & Receiving
- Quality Control Areas
- Assembly Lines
- Production Depts
- R&D Testing Labs
